RING SIZE GUIDE

OPTION 1

You can make your own ring sizer using floss or string or even a paper. Wrap the floss, string, or paper around the base of your ring finger. Use a pen to mark the point where the material first overlaps. Straighten out the string or paper and measure the length in millimeters using a ruler.

OPTION 2

Step 1

Print this document out to 100% - ensure that page scaling is set to 'none' on the printing dialogue box. Check the printed size by measuring the line below.
It should be exactly 5cm.

5cm

Step 2

Place an existing ring on the chart below and match the inside edge of the ring to the circle nearest in size. If the ring falls somewhere between two sizes you should always choose the larger size.

46	48	50	52	54
14,64mm	15,28mm	15,92mm	16,55mm	17,19mm

56	58	60	62	64
17,83mm	18,46mm	19,10mm	19,74mm	20,37mm
